

Strut*Foot*

Quad

Strut*Foot*'s quad system is a quick and easy solution to support large/heavy AHU's, chillers and plant rooms.

All the framework on each Quad system is HDG for outdoor use. It can be supplied using either our R305 or R500 plastic feet.

We manufacture a welded framework for both our quad to ensure strength and minimize the deflection in the strut.

Strut*Foot* Quad Adjustable

Part No.	Description	Feet Size (mm)	S.W.L (kg)
