

Strut*Foot*

R400 Dual Foot

The new R400 Dual Foot designed to fit both 80x80 Box Section and 41x82 Back to Back channel. This foot has been designed and manufactured in house to offer flexibility in framing system installation.

It is made with a High Density Polyethylene (HDPE) plastic making it lightweight and very robust. There is an anti-vibration foam pad pre attached meaning there is no penetration of/or reaction with the waterproof roof membrane.
